

Dear Staff,

I am writing this letter to say how grateful I am for each and every one of you. You have helped me find myself and turn my life around. I will always remember my stay here and be thankful the Artemis House was a part of my life.

You saved my life and made me feel alive again and showed me how to love myself again. Nobody ever thought I'd stay here and stick it out but I did it!

Also, thank you for being so concerned with my health issues. All of you have great hearts and are very special to me!

I've come a long way in five months without all of your I never would of done it. Thank you!!!

Sincerely,
Brenda
